Business Development Executive & GTM (Founder's office intern)

Bangalore, India

- Own **end-to-end zone responsibility**: supply-side onboarding, demand outreach, offers, negotiation, and closure.
- Run the outreach pipeline: call and qualify leads, pitch properties, and follow up through site visits to closure.
- Contribute to a **200% increase** in monthly closures and **10–15% to 50–60%** lead-to-visit conversion.
- Negotiate and close deals on-ground with buyers and sellers under a **2% seller-side commission** model.
- Coordinate site visits and serve as primary POC between buyers, sellers, tenants, and internal teams.
- Maintain accurate deal and prospect data in **Twenty CRM** across every pipeline stage.
- Support post-close documentation, coordinating with the legal team through key transfer.

Projects

Operator Agent – Listing Image Pipeline | *Python, LLM Prompt Engineering, CRM*

2026

- Designed a hybrid AI pipeline turning raw photos into listing-ready images via CRM webhook.
- Built three human-approval gates (zero auto-approval); prompts validated live, full pipeline designed end-to-end.

Seller Outreach Mail Agent | *Google Sheets, Google Apps Script*

2026

- Built a **Google Sheets + Apps Script** tool that auto-generates outreach Gmail drafts from lead data.
- Converted manual outreach into a **repeatable workflow**, freeing the supply team for seller conversations.
